

## 1955 Cadillac "60" 4-dr \$20,000 Chamblee GA

EXACTLY like the 2nd CAR in "Driving Miss Daisy'

This is a really nice #3 car:

Everything works (except electric clock – I have not even looked to see why),

Everything is ORIGINAL,

It is NOT restored,

NO rust,

Driver door window has a crack,

Great driving car.

This is the “regular” V-8,

Model "62" 4-dr sedan,

78,000 miles on odometer,

Original Hydra-matic works perfectly.

It is a BIG and UNIQUE car – really fun to drive - EVERYBODY asks about it wherever you go.

The engine runs GREAT - very smooth & powerful too.

I have taken a few trips with it, once to Chicago (800 miles), and never had a problem on the road.

Driver's seat needs an upholstery insert & rug fix - the rest is nearly perfect except for a few stains.

I was purchased new in a Chicago suburb - driven very lightly by a gentleman until he died.

His wife kept it in her house-garage for 29 years till she sold it to a car collector in the area.

He spent a whole day "uncovering" it & it survived its 'nap" with only a small dent in the hood.

He got it running with no problems, bought new tires (Wide White Walls), battery, ignition parts, tuned it up, rebuilt the suspension & cleaned it up.

That's all it required.

I have been driving & enjoying this car for about 10 years.

Since then I have only had to rebuild the master cylinder & replace an exhaust manifold gasket.

This car represents the finest engineering of its time.

Some of the things I LOVE about it are:

1. It still has the original OWNER'S ID card (under the hood, in front of the radiator)!
2. The car rides smooth & handles exceptionally well (I put some Carrera Shocks on it).

There is an Cadillac Club (National <http://cadillaclasalleclub.org/>) where you can find anything.

And, they have a great page - "The Cadillac Database" that is interesting to all.

Minor stuff like ignition parts & gaskets are still readily available at your local NAPA store.

This car is really pretty with a good wash & wax on it.

You can own this fine car. It has given me many years (about 13) of motoring pleasure.

I have, and have had, all of the old cars from the 40s & 50s. And, this Caddy is one of my favorites.

I will accept CASH ON DELIVERY or PayPal (no checks, money orders etc.)

Bill of Sale (we don't have titles on old cars in Georgia).

I also have the Illinois title as well as Georgia registration & insurance cards so there is NO PROBLEM getting it registered in any of the 50 states.

**NO TRADES.** I was in "buy" mode for many, many years - now, finally, I'm in "sell" mode.
